

DATEC-COMPACT

Compact handheld plastic enclosures

The new DATEC-COMPACT series of handheld enclosures has a compact and robust design, ideally suited for mobile devices.

- robust, high-quality material ASA+PC-FR for outdoor use
- high protection class IP 65 with sealing for tough environment or protection class IP 41 without sealing as low-priced enclosures for measuring instruments
- 3 sizes, 2 colours
- with / without battery compartment for 1.5 V AAA or AA batteries; three battery cells guarantee reliable 3V power supply
- SD cards/USB connectors can be inserted within the sealed compartment (versions with battery compartment)
- station for easy data and charging current transmission available as accessories
- screw connection with stainless steel screws and Torx drive
- further accessories: set of battery clips and gold-plated contacts

DATEC-COMPACT

Applications and Examples

Mobile data recording, measuring and control technology, control technology, medical and laboratory technology, environmental technology, outdoor, smart factory, industry 4.0, etc.

Atmospheric oxygen measuring unit

Electronic pool tester

Measuring device for heating water

Mobile diagnostic device for CAN and CAN FD buses

Phase Multimeter

Spectral light meter

System for leak detection in leisure vehicles

Wood moisture measuring device

Customising Options

What do you still need for your own very personal product? We can supply enclosures and tuning knobs with all necessary modifications for fitting your electronic components.

Customising options for Datec-Compact

Machining

Lacquering

Printing

Laser marking

Decor foils

EMC shielding

Installation / Assembly of accessories
