

# COM-KNOBS

## Modern collet knob system

Aesthetic design, a modern selection of pastel colours, and a secure collet fixing system are the main features of our COM-KNOBS range. These very attractive tuning knobs will give your application a high-quality appearance.

- modern and innovative control knobs
- cover with a matt chrome finish for a classy metallic look (sizes 23-40)
- reliable operation with the tried and tested collet fixing system
- convenient assembly from the front with tight fitting on the axis
- with/without slot for arrow marking elements
- clip-on covers with or without a finger recess for finer control and adjustment (sizes 40-50)
- also suitable for fitting accessory disks, dials, stator and nut covers
- the design is similar to our innovative TOP-KNOBS series; this guarantees you a uniform appearance when using the two knob technologies
- modern colour combinations

knob sizes	boreholes
ø 16, 20, 23 mm	4 mm, 6 mm, 1/4"
ø 31 mm	6 mm, 1/4"
ø 40, 50 mm	6 mm, 8 mm

# COM-KNOBS

## Applications and Examples

For rotary potentiometers with shaft ends corresponding to DIN 41591. Measuring and control technology, medical and wellness devices, laboratory equipment, heating and air conditioning, communication equipment, building management, etc.

Controller for LED lighting in image processing and microscopy

Operating element for a universal centrifuge

Operating element for an intensive care ventilator

Operating elements for children's kitchen furniture

Operating elements for Klangfinder

Operating elements for ultrasonic nebulizer

Simulator for testing measuring instruments

USB SDR VFO Tuning knob

## Customising Options

What do you still need for your own very personal product? We can supply enclosures and tuning knobs with all necessary modifications for fitting your electronic components. Customising options for Com-Knobs

Machining

Lacquering

Printing

Laser marking

Installation / Assembly of accessories
